  - TxDOT closing out project

## **Planning/Preliminary Engineering/Design:**

- Memorial Drive – PH -II (T-1738B)
  - Traffic Study
    - Completed analysis
    - A traffic signal is recommended to be installed at the intersection of Memorial Drive at Litchfield Lane. The southbound driveway offsets Litchfield Lane on the west will be reconstructed to align with the future signalized intersection. The two signalized intersections at Litchfield Lane and Benignus Road will be operated with one controller to ensure coordination between the two intersections.
    - Draft report completed
  - Drainage analysis
    - Adjusting drainage approach to accommodate new HCFC criteria
- W140 Basin Deepening/Pump:
  - Survey
    - Walked survey and provided comments to surveyor
  - Commenced detailed design work
    - In the process of scheduling a meeting with City's pump station lead to confirm pump requirements/plan/maintenance before getting in the detail design. A detailed tech memo will be developed.
