REINVESTMENT ZONE NUMBER SEVENTEEN, CITY OF HOUSTON, TEXAS
MEMORIAL CITY ZONE
Third Amendment to Project Plan and Reinvestment Zone Financing Plan

Introduction

The purpose of Reinvestment Zone Number Seventeen, City of Houston, Texas (the "Memorial City Zone," also herein referred to as the "Zone"), is to execute redevelopment plans and programs necessary to create and support an environment attractive to private investment in the Memorial City area. When created by the City of Houston, Texas (the "City"), on July 21, 1999, the Zone covered an area of approximately 656.7 acres (the "Original Area") located primarily north and south of the Katy Freeway in the western quadrant of the City. The Zone includes predominately commercial property generally bounded by Beltway 8 on the west, Bunker Hill Road on the east, Long Point Road on the north, and Barryknoll Lane and Memorial Drive on the south. The intent of the Zone is to finance improvements that will result in the long-term stability and viability of the Memorial City area.

The City adopted a Project Plan and Reinvestment Zone Financing Plan for the Zone on August 11, 1999 (the "Part A Plan"). The Part A Plan established goals, expectations and redevelopment plans needed to address blighted conditions in the Memorial City area associated with failing infrastructure, lack of utility capacity, increased traffic congestion and declining retail sales resulting from increased competition to older inner-city malls and shopping centers from suburban retail centers. The Part A Plan sought to reverse the significant social and economic stresses affecting the stability and long-term economic viability of the area through the financing of mobility enhancements, public infrastructure, roadways and parks.

The City adopted a First Amendment to the Zone's Project Plan and Reinvestment Zone Financing Plan on August 17, 2011 (the "Part B Plan") to expand the Zone area (the "First Annexation Area"). The Part B plan also established project goals for the enhancement of and improvements in the expanded Zone area.

The City adopted a Second Amendment to the Zone's Project Plan and Reinvestment Zone Financing Plan on December 10, 2014 (the "Part C Plan") to expand the Zone area (the "Second Annexation Area"). The Part C Plan included upgrades and improvements to public utility systems, public roadways and thoroughfares and detention and drainage facilities. The Zone and the City now desire to amend the Zone's Project Plan and Reinvestment Zone Financing Plan as further described herein (the "Part D Plan").

The Part D Plan Overview

The Part D Plan provides for the implementation of a drainage and mobility improvement project within approximately 4.4 acres of Memorial Drive right-of-way added into the Zone boundaries as part of the Part D Plan (the "Third Annexation Area"). The Part D Plan also includes areas covered by the Part A Plan, Part B Plan, and Part C Plan, except for approximately

3.73 acres of exclusively residential area along Springrock Lane previously included in the Part C Plan as part of the Second Annexation Area. This residential area will be removed from the Zone boundaries as part of the Part D Plan.

The proposed drainage and mobility project within the Third Annexation Area will also include public utility improvements, roadway, and sidewalk improvements benefitting the Zone. Collectively, the Part A Plan, the Part B Plan, the Part C Plan, and the Part D Plan will provide the tools needed to help alleviate blight, address deteriorated street and site conditions, correct obsolete platting and improve public infrastructure and facilities in the Memorial City area, resulting in the sound growth of retail and commercial development. The expanded Zone will provide the financing and management tools necessary to continue to encourage the sound growth of commercial and complementary retail development and assist in the remediation of flooding in the Zone. The Part D Plan will continue to remedy historic negative trends within the Memorial City area by creating a viable and attractive environment for new investment and redevelopment. The proposed improvements will enhance the community by attracting new businesses to the area.

Proposed Goals for Improvements in the Zone

The proposed goals for improvement in the Part D Plan, which relate to the original goals of the Zone in the Part A Plan, the Part B Plan, and the Part C Plan, are as follows:

Goal 1: **Drainage and Detention**. Storm water management will be achieved through the repair and replacement of drainage systems and the design and construction of new storm water utility systems, detention basins and other improvements proven to reduce volumes of runoff from drainage areas.

Goal 2: **Streets and Mobility**. Public streets and public utility systems are required to create an environment that will stimulate private investments in retail, commercial and mixed-use developments. The reconstruction of key streets and major thoroughfares will enhance the level of service in the area. All improvement will be coordinated with the street reconstruction programs of the City, METRO, TxDOT, and other public entities. Attention will be placed on leveraging Zone monies through the funding of elements not addressed by the CIP programs of sister agencies.

Goal 3: **Parks and Green Space**. Redevelopment and upgrades to public green space, parks and other recreational facilities are also addressed. Public infrastructure, regional trail systems and other enhancements to area parks and other public open green space will attract and support redevelopment and improve the quality of life by increasing the attractiveness of the area.

Goal 4: **Pedestrian Improvements**. The reinforcement of pedestrian-attractive retail and commercial developments along key corridors will retain and expand retail and commercial developments in the Zone, which is of key importance to the successful redevelopment of the area. The construction of sidewalk systems including ADA-

compliant ramps and other treatments will improve pedestrian safety, enhance the visual environment and provide connectivity both within the Zone and to adjacent districts. The provision of base-level retail functionality is essential to the continued expansion of mixed-use projects in the area. In particular, the development of primary commercial and retail corridors will be encouraged through the implementation of an enhanced pedestrian environment with an emphasis on parking, lighting, street trees, landscaping, wide sidewalks, public art and adequate pedestrian amenities.

Project Plan and Reinvestment Zone Financing Plan for the Zone

A. Project Plan

Existing and Proposed Uses of Land (Texas Tax Code § 311.011(b)(1)): Map 1 depicts the existing and proposed land uses in the Original Area, the First Annexation Area, the Second Annexation Area, and the Third Annexation Area of the Zone. The existing and proposed land uses include single-family residential, multi-family residential, commercial, office, industrial, public and institutional, transportation and utility, park and open spaces, undeveloped and agricultural production land uses.

Proposed Changes of Zoning Ordinances, Master Plan of Municipality, Building Codes and other Municipal Ordinances (Texas Tax Code § 311.011(b)(2)): All construction will be performed in conformance with the City's existing rules and regulations. There are no proposed changes to any City ordinance, master plan or building code.

Estimated Non-Project Costs (Texas Tax Code § 311.011(b)(3)): Non-project costs refer to project costs incurred by entities other than the Zone that will contribute to the overall development plan. Harris County Municipal Management District Number One (the "HCMMD No. 1") project costs reflect investment and services not incurred by the Zone, including expenditures for public safety, enhancement and cleanliness of the public areas, landscaping and development of open green space. Spring Branch Management District, adjacent to HCMMD No. 1, has also committed to maintaining certain Zone landscaping improvements. Moreover, the Zone has entered into agreements with area property owners to maintain certain Zone landscaping improvements adjacent to their property.

Method of Relocating Persons to be Displaced, if any, as a Result of Implementing the Plan (Texas Tax Code § 311.011(b)(4)): It is not anticipated that any residents will be displaced by any of the projects to be undertaken in the Zone.

B. Reinvestment Zone Financing Plan

Estimated Project Costs (Texas Tax Code § 311.011(c)(1)): Exhibit 1 details the proposed public improvement and administrative project costs. The dollar amounts are approximate and may be amended from time to time by City Council. The financing

costs are a function of project financing needs and will vary with market conditions from the estimates shown on Exhibit 1.

Proposed Kind, Number, and Location of all Public Works or Public Improvements to be financed in the Zone (Texas Tax Code § 311.011(c)(2)): These details are provided throughout the Part D Plan.

Economic Feasibility (Texas Tax Code § 311.011(c)(3)): An economic feasibility study was completed for the Memorial City area in 1993 by FH&R. The study documents the economic potential in the Zone. Exhibit 2 details incremental revenue estimates for each remaining tax year of the Zone's 30-year duration. The incremental revenue estimates are projected to be sufficient to cover the costs of the proposed redevelopment and infrastructure improvements in the Zone. The Zone and the City find and determine that the Part A Plan, the Part B Plan, the Part C Plan, and the Part D Plan are economically feasible.

Estimated Amount of Bond Indebtedness; Estimated Time When Related Costs or Monetary Obligations Incurred (Texas Tax Code § 311.011(c)(4), § 311.011(c)(5)): Issuance of bonds and notes by the Zone will occur as tax increment revenues allow. The value and timing of the issuance of bonds or notes will correlate to debt capacity as derived from the attached revenue and project schedules, as well as actual market conditions for the issue and sale of such bonds and notes.

Methods and Sources of Financing Project Costs and Percentage of Increment from Taxing Units Anticipated to Contributed Tax Increment to the Zone (Texas Tax Code § 311.011(c)(6)): Methods and sources of financing include the issuance of bonds and notes. Tax increment associated with this Part D Plan will consist of contributions from the City. This figure is calculated using an estimated collection rate of 97% and a City contribution of \$0.58642/\$100 of assessed valuation.

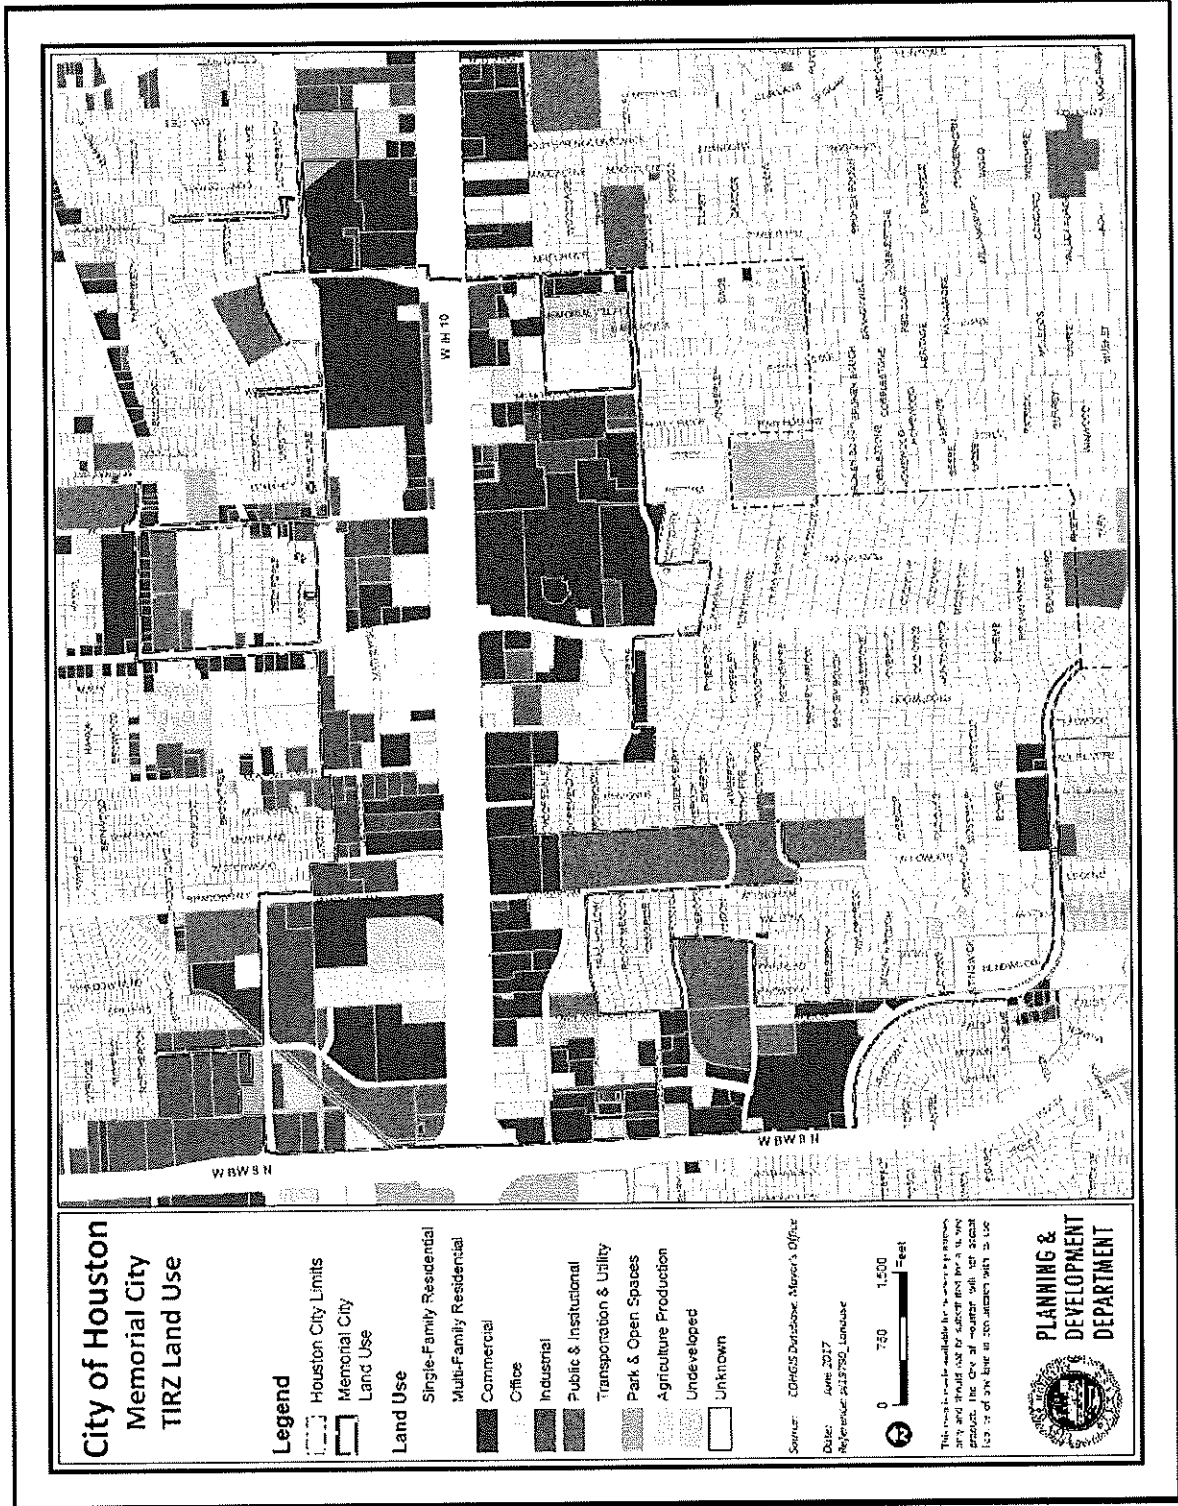

Current Total Appraised Value of Taxable Real Property (Texas Tax Code § 311.011(c)(7)): As of May 12, 2017, the current appraised value of taxable real property in the Zone is \$3,265,825,002, exclusive of the proposed Third Annexation Area.

Estimated Captured Appraised Value of Zone During Each Year of Existence (Texas Tax Code § 311.011(c)(8)): The estimated captured appraised value of the Zone during each remaining year of its 30-year duration is set forth in Exhibit 2.

Zone Duration (Texas Tax Code § 311.011(c)(9)): When initially created by City Council on July 21, 1999, the term of the Zone was established at 30 years. The Zone will terminate on December 31, 2029.
