**Re: *Gratitude for Memorial Drive (Beltway 8 to Tallowood Project)***

The Memorial City Redevelopment Authority/TIRZ 17 would like to express our gratitude to H-GAC for your funding support of the Memorial Drive reconstruction project (MPOID: 17073). The project was selected for funding via the regional Call for Projects in 2015, and is now in the final phases of construction completion. H-GAC provided critical funding in the amount of \$13,705,600 to make this project a reality.

H-GAC's funding allowed for a full depth reconstruction of this section of Memorial Drive, to include upgraded pedestrian facilities, multimodal access improvements, access management solutions, and significant stormwater detention upgrades. The project also addresses the vital issue of safety in this corridor: just prior to construction a portion of the corridor was designated as being a component of the City of Houston's High Injury Network; we believe that this project will remove that designation soon. Safety improvements to mitigate crashes for all users, including access management improvements at the entrance to Town and Country Village and at West Bough and Memorial are also serving to improve traffic flow in the area.

Thanks to the investment by H-GAC, this important travel corridor in the Memorial City area is now safer and more efficient for drivers, pedestrians, and users of Houston METRO's transit service. We have been working in partnership with the City of Bunker Hill Village to develop and prepare a "phase 2" project, from Tallowood to Gessner, for consideration in this upcoming Call for Projects.

We have submitted preliminary information on this project as a follow up from our un-funded 2018 application. We look forward to your participation in the next phase of this project and for our continued regional partnership in executing and delivering projects effectively, efficiently, and on schedule.

Sincerely,

John Rickel  
Vice-Chairman  
Memorial City Redevelopment Authority

## Memorial Drive Mobility and Drainage Improvements

WBS No. N-T17000-031B-7 , CSJ: 0912-72-391

### PROJECT LOCATION

The Memorial Drive improvement project is approximately 4,960 feet long, from East of Beltway 8 to East of Tallowood Road This project is located in the City of Houston within the TIRZ 17 limits.

### PROJECT DESCRIPTION:

Memorial City Redevelopment Authority (MCRA)/Tax Increment Reinvestment Zone (TIRZ) 17 on behalf of the City of Houston, and in cooperation with TxDOT is sponsoring the proposed Memorial Drive project. Memorial Drive will be reconstructed from East of Beltway 8 to East of Tallowood Drive in the City of Houston, Harris County.

Memorial Drive is a major thoroughfare that carries 17,500 vehicles per day and one of the critical capital improvement projects to be undertaken by TIRZ 17. The project proposes to improve drainage issues, mobility, access management, traffic operations, and safety within the project limits. The proposed improvements include the following:

- Improving mobility and safety by reconstructing the roadway to two 12-foot wide travel lanes in each direction with a raised median in the center of the road
- Encourage a pedestrian friendly environment by installing 8-foot wide ADA-compliant sidewalks along both sides of the road
- Upgrading subsurface public utilities
- Improve traffic operations by upgrading existing traffic signals to meet current standards
- Improve drainage by replacing the existing ditches with an upgraded storm sewer system that consists of installing varying sized reinforced concrete boxes and pipes that go up to 10-FT x 10-FT
- Improve Quality of life by installing extensive hardscape and softscape landscaping items

Attention: Mrs. Ann Givens,

**Re: Proposal to Provide Engineering Consulting Services to Memorial City  
Redevelopment Authority (MCRA) TIRZ17**

Dear Mrs. Givens,

Gauge Engineering, LLC (Gauge) is pleased to submit this proposal for engineering consulting services. Gauge will provide support services as requested and authorized by the Executive Director or as directed by the Board and CIP Committee. Gauge anticipates the scope of services to include various tasks to assist in implementing the capital improvement program such as attending meetings, public information development, planning level tasks, cost estimates and other miscellaneous tasks.

Time will be billed on an hourly basis, not to exceed \$25,000, at the TIRZ 17 approved rates shown on the attached rate sheet, Exhibit A. Please feel free to contact me at (713) 254-5946 if you have any questions or need additional information.

Sincerely,

**Re: Proposal for Support of HR Green Detention Basin-A Hydraulic Modeling and Benefit Evaluation**

Dear Ms. Givens,

Gauge Engineering, LLC (Gauge) is pleased to submit this proposal for supporting the City of Houston and HR Green Detention Basin A preliminary engineering effort. The support effort will include the following tasks.

1. **Meetings and Coordination:** This task consists of the active participation in meetings with the City of Houston and their selected consultant HR Green.
2. **Technical Modeling Review:** Gauge will perform detailed and thorough reviews of the HR Green existing and proposed conditions hydraulic modeling.
3. **Evaluating Project Benefit:** Gauge will utilize traditional USACE damage tables to determine the pre-project and post-project damages, the delta of which will represent the project benefit. The benefit evaluation will be limited to flood damage reduction only.
4. **Project Modifications and Supporting Analysis to Improve the Project Benefit:** Gauge will explore opportunities to improve the project benefits and simulate additional improvement scenarios in an attempt to improve the project benefits.

We propose to perform this work on a time and materials basis for an amount not to exceed \$50,580.00. A detailed breakdown of the scope items and fee can be found under Exhibits "A" and "B" respectively. Please feel free to contact me at (713) 269-7782 if you have any questions or need additional information.

## Progress Details

### 1 – Monitor and Present Funding Opportunities

The following funding opportunities were released, monitored, tracked, and synthesized in March 2023:

#### Charging and Fueling Infrastructure Program

Administering Agency: USDOT

Application Deadline: May 30, 2023

The objective of the CFI Program is to deploy publicly accessible electric vehicle charging and alternative fueling infrastructure in the places people live and work, urban and rural areas. This program provides two funding categories of grants: Community Charging and Fueling Grants (Community Program); and Alternative Fuel Corridor Grants (Corridor Program). FY 2022-23 cycle opens funding of \$700 Million nationwide.

Over the next five years, the program has been allocated \$2.5 Billion. Alternative fuels include electricity, hydrogen, propane, and natural gas. Both programs - Community Program and Corridor Program, have been allocated \$350 Million each.

Community Program grants are expected to reduce greenhouse gas emissions and to expand or fill gaps in access to charging or alternative fueling infrastructure by creating publicly accessible charging infrastructure at public buildings, schools, and parks. The awarded funds may be used to contract with a private entity. For Community Programs, the award floor is \$500,000; and the award ceiling is \$ 15 million.

Corridor Program grants are expected to support the buildout of charging or alternative fueling infrastructure along designated Alternative Fuel Corridors. Private entity partnership is mandatory. For Corridor Program, the award floor is \$1 Million, and there is no award ceiling. The maximum federal share supported by the grant is 80%.

## Public Works and Economic Adjustment Assistance Program

Administering Agency: EDA

Application Deadline: Rolling intake

Under PWEAA Program, EDA supports bottom-up strategies that build on regional assets to spur economic growth and resiliency. EDA encourages its grantees nationwide to develop initiatives that present new ideas and creative approaches to advance economic prosperity in distressed communities. The NOFO invites projects under two types - Public Works (PW) and Economic Adjustment Assistance (EAA) Programs. Both programs provide a Federal Share of up to 80% of the project costs.

The Public Works (PW) Program provides resources to meet communities' construction, and infrastructure design needs to enable them to become more economically competitive. The average size of PW grants has been \$1.4 million. The award range for FY 2023 call is between \$600,000 to \$ 5 million.

Under EAA Program, EDA provides investments that support a wide range of construction and non-construction activities in regions experiencing adverse economic changes that may occur suddenly or over time. Supported activities include construction and non-construction, such as sectoral partnerships for workforce training, design and engineering, technical assistance, economic recovery strategies, and capitalization or re-capitalization of Revolving Loan Funds (RLF). The EAA program is also designed to provide specific investment assistance to communities experiencing energy transitions away from nuclear, biomass, or coal. The average size of the EAA grant was \$650,000 in the past—the award range for FY 2023 call is between \$150,000 to \$2.5 Million.

- Drafted letter to H-GAC re: Memorial Drive Phase 1.
- Provided City of Houston with historic grant documentation and information.

### **2 – Pursuit of Funding**

- Continue coordination with H-GAC staff on Gessner cost increase. The request was previewed with no discussion in March. Provided information to Memorial City staff and coordinated with CIP Committee. TAC and TPC will take action to approve this request in April. H-GAC has elected to participate in the request on a 50/50 basis (\$344k/\$688k).
- Coordinated draft FY24 appropriations submission with congressional office.
- Developed and gathered letters of support for submission (approximately 50 collected).
- Coordinated and clarified items with congressional office.
- Submitted final information. Representatives will post their selections by April 17, 2023.

10. Discuss and consider broadcasting board meetings on the City cable channel.

Scott and Linda,

I would like to add this to the agenda for the board to review and approve if they see fit.

Thanks,

ann

**Subject:** Office of the Mayor - Houston Television TIRZ meetings

Good morning TIRZ Directors. I'm reaching out from the Office of Mayor Turner and the Houston Television Studios downtown in City Hall. Most of the TIRZ public meetings are video recorded, with some streaming live. Houston Television is the local C-Span for the City of Houston and all of our government meetings, such as Planning, City Council, Budget & Fiscal Affairs, Historical, and more, are broadcasted by Houston Television. This includes County Commissioners Court.

Broadcasting your public meeting on the city cable channel would be at no cost as this is our Federal mission as laid out under the FCC Communications Act of 1984. HTV can be viewed on the following cable channels in Houston proper:

Comcast 16

AT&T U-Verse 99

Suddenlink 14

Phonoscope 99

Htvhouston.net

Roku, Apple TV, Firestick, & Chromecast

You can submit your meetings to us using my email ([ted.irving@houstontx.gov](mailto:ted.irving@houstontx.gov)) via OneDrive, Google Drive, DropBox, or WeTransfer as a 1920x1080 MP4 with 48Khz audio.

In addition, if you are currently streaming your meeting HTV can share it on our city of Houston social media pages. HTV also offers streaming services direct to the city cable channel, Facebook, YouTube, and Twitter.

If interested in our services, including the free broadcast of your public meeting, please complete our [online request form](#).

Thank you and looking forward to discussing how HTV can serve as another government resource for your organization.
